

Valentyn Kuchernoha

UI/UX Product Designer

EXPERIENCE

UI/UX Designer

Techlexity

Sep 2021 - Present - (Ukraine,Lviv)

Plan and conduct competitor analysis.

Carry out user research.

Create prototypes and wireframes, conducting usability testing.

Design application interface.

Basic design-system creation based on components and auto layouts

I developed concepts and looked for references for the customer.

Worked with the manager,QA and external specialists to test the finished product

UI/UX Product Designer (Intern)

Wevoid.tech

Apr 2021 - Jul 2021 - (Ukraine, Lviv)

As an intern designer, I mostly learned how to work with:

Grids.

Fonts & Typography Pairings.

Design Components.

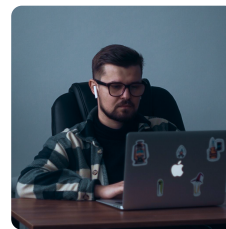

Auto Layout.

Styleguide (Colors & Fonts)

PROFILE

I am a User Interface Designer with that is a highly emphatic, willing to listen and cooperative. I truly believe that good design is easy to understand, useful, long-lasting and honest.

Working with me is very simple and easy, I am a good team player and very motivated. A person who is interested in psychology and who is constantly striving for new knowledge. I'm the one who tried design and realized that it is my cup of tea.
