

Valentyn Kuchernoha

UI / UX Designer

About

I appreciate simple, clean, and beautiful design, and I enjoy creating it. I focus on developing user-friendly and accessible interfaces. Teamwork plays an important role in my work because I like to communicate with people, share my skills and learn from them.

I always try my best and approach my tasks with a high level of responsibility, realizing that this creates the basis for what lies ahead.

Experience

Fivecube Agency / UI / UX Designer

Aug 2022 - Present - (Ukraine,Lviv)

Complete ownership over the design process from collecting clients' needs to deployment of our services, which includes wireframing, design, prototyping, and testing.

- Research & Analytics - (Analyze client business, research opportunities, create information architecture, investigate the target audience.
- Web Design - (design audit, industry competitors research, content architecture, visual concept.
- Product Design - (user journeys, A/B testing, information architecture, wireframing, auditing, design system & UI kit.

Techlexity / Junior UI / UX Designer

Sep 2021 - June 2022 - (Ukraine,Lviv)

Worked closely with backend, frontend, and QA specialists to test the finished product. Developed product frameworks, architecture, and interface design.

- Created basic design systems based on components auto layouts.
- Created prototypes and wireframes, conducting usability testing.
- Developed concepts and looked for references for the customer.
- Plan and conduct competitor analysis.

Wevoid / UI/UX Product Designer (Intern)

Apr 2021 - Jul 2021 - (Ukraine, Lviv)

During the four months of my internship, I learned and understood how to work with such things as:

- Grids
- Fonts & Typography Pairings.
- Design Components.
- Auto Layout.
- Styleguide (Colors & Fonts)
